

FOR AGED CARE & RESIDENTIAL HOMES

SAFETY, DIGNITY & A FRESHER HOME.

HYGIENE THAT RESPECTS THE PEOPLE
WHO LIVE AND WORK HERE.

An aged care facility is a home first. Residents share dining rooms, bathrooms and lounges, and every rail, handle and armrest is touched many times a day.

Infection control has to keep pace, without harsh chemical smells, residue on furnishings, or disruption to the people who live and work there.
